

"HELP SPREAD
PEACE
OF MOUTH!"

**A Proclamation of
National Flossing Day 2006**

Whereas,

This nation will once again have spent a full day focused on food, on Thanksgiving Day, November 23, 2006,

And it behooves each of us to floss after meals,

Therefore,

**It is befitting and proper that the following day,
November 24, 2006
be celebrated as**

National Flossing Day

During that day each and every person is encouraged to consider the role flossing has played in his or her life during the previous year, and make plans to Help Spread "Peace of Mouth" in their own lives and the lives of others around them, in ways with and without floss.

On this special day, our children should also be made aware of the richness and health that flossing can bring to life.

Be this day so proclaimed in the name of all the Volunteers who have devoted time to the work of the National Flossing Council and to Help Spread "Peace of Mouth!"

**Armand Lione
President
National Flossing Council
Washington, DC**
